Software Skills

Programming Skills

Profile

Passionate and enthusiastic entry-level professional with a solid foundation in computer systems and programming. Highly motivated to learn and grow, with a strong willingness to contribute and make sacrifices for the success of the team. A dependable team player who collaborates effectively to achieve shared goals and deliver quality outcomes. Driven by a commitment to continuous improvement and the pursuit of excellence in every task.

Employment History

IT System Specialist at Gamuda Berhad, Petaling Jaya, Selangor
APRIL 2025 – JULY 2025

- Performed migration of 100+ devices from on-premises to cloud servers using unified endpoint management systems.
- Managed and maintained **ManageEngine Endpoint Central** and **Microsoft Intune** for device administration.
- Operated ticketing systems to troubleshoot and resolve hardware and software issues for local and remote users.
- Assisted supervisors with daily operations, including data collection, analysis, and reporting using Microsoft Excel.

Flutter Developer at Futuresmiths Sdn. Bhd., Kuala Lumpur, W. P.
SEPTEMBER 2024 – OCTOBER 2024

- Gained a solid foundation in the **Flutter framework** and **Dart programming language** for cross-platform mobile app development.
- Designed and developed visually appealing and user-friendly interfaces across multiple pages, enhancing the overall user experience.
- Implemented a **REST API integration** that dynamically retrieved and synchronized data from the server to the mobile application
- Created and optimized functions tailored to project requirements, leveraging SDKs and tools provided for efficient development workflows.

IT Trainee at Recogine Technology Sdn Bhd (EVD Berhad), Subang Jaya, Selangor
AUGUST 2024 – SEPTEMBER 2024

- Acquired fundamental knowledge of **Enterprise Asset Management (EAM)** and **Enterprise Resource Planning (ERP)** systems to understand their structures and workflows.
- Gained a brief understanding of project execution from a project manager's perspective, including planning, coordination and deliverable tracking.
- Engaged with clients to understand their needs, ensuring alignment of deliverables with expectations.
- Created appropriate and comprehensive test cases to validate system functionality and meet client requirements effectively.

Education

Diploma in Computer Science, Sunway College, Subang Jaya
AUGUST 2023 – AUGUST 2025

- Cumulative Grade Point Average (CGPA): **3.90**
- Recipient of **Jeffrey Cheah Foundation (JCF) Scholarship**
- Actively participated in campus events, including open days and alumni gatherings, contributing to the university community and fostering engagement.
